

**Nonionic Surfactant ▪ Humectant**

ADJUVIVE NIS 90% is a nonionic surfactant formulated with super-wetting organo-siloxane technology. It rapidly reduces surface tension for superior spreading, wetting, and penetration ensuring that every drop of your spray mix counts. APE and NPE free, this product is effective and ideal for a wide range of tank mix programs.

**GENERAL USE INFORMATION**

ADJUVIVE NIS 90% is a blend of nonionic surfactants and super wetting organo-siloxane surfactants that provide superior spreading and dramatically reduces surface tension in spray solutions resulting in improved wetting of leaves and other parts of plants. This product also improves uptake through penetration of cuticular waxes and stomatal flooding.
